We know that planning a wedding can be overwhelming. We'd love to help or make recommendations for vendors that we know and trust: wedding planner, tuxedo rental, local accommodations, florists, catering, DJ, photographers and videographers, live music, a DJ, rental of chairs, tables, decorations, dance floor, local and regional activities – practically anything you can think of. For items like floral arrangements,

the cake, a DJ, and the catering, we will want you or your wedding planner to work closely with the vendors to be assured you're getting exactly what you want.

OR you can arrange all those things you'd like to do.

Your only limits are your imagination and budget.

We know how important this day is for you and we encourage you and/or your wedding planner to schedule a visit to LorienDell, get to know us a bit; we can discuss additional questions and consider your options on dates and times.

See the [FAQ](#) button for questions you may already have.

***May your day and coming life together be blessed***
